First announcement

I proudly bid you welcome to this international meeting on cell-free DNA to be held in the beautiful capital of Denmark. We will focus on fetal RhD genotyping and include topics within the fields of Fetal Medicine, Clinical Genetics, Obstetrics, and Clinical Immunology – all related to noninvasive applications of cell-free DNA. We aim to bring together upcoming and expert scientists as well as clinicians to exchange new knowledge and identify new challenges and clinical possibilities.

Please mark the meeting dates 20–21 June 2013. The meeting is held at the Copenhagen Admiral Hotel. Key dates for registration to be announced.
