

Advances in Transfusion Medicine Symposium

There are exciting ongoing developments in transfusion medicine and science with high quality research supporting evidence-based practice. This one-day virtual meeting organised on behalf of the Royal College of Pathologists brings together experts from various clinical disciplines with leaders in transfusion science to provide an update on key developments. The meeting will be of interest to all those involved in transfusion medicine.

5
CPD credits

Thursday 26 November 2020

10.00 Welcome - President, Royal College of Pathologists - Dr Michael Osborn

Foundation Lecture Chaired by RCPATH President

10:05 Human Blood Groups – Past, Present & Future - Professor Martin Olsson

Evidence based transfusion practice: Chairs – Dr Shubha Allard & Professor Beverley Hunt

10:25 Traumatic Haemorrhage including role of whole blood – Dr Laura Green

10:45 Major Obstetric Haemorrhage – developments and future challenges – Professor Peter Collins

11:05 Sickle Cell Disease and potential impact of new therapies – Dr Banu Kaya

11.25 Open discussion

11.35 Break

Advances in transfusion science: Chair – Professor Cheng-Hock Toh

11:50 Update on 100 000 genome project – Professor Willem Ouwehand

12:10 Use of CART cells – an overview – Dr James Griffin

12:30 COVID-19 convalescent plasma – what's the evidence? – Dr Lise Estcourt

12.50 Open discussion

13.00 Lunch

British Blood Transfusion Society (BBTS) section: Chairs – Dr Heidi Doughty & Jenny White

13:30 Young investigator talk 1 (based on best abstract submission)

13:45 Young investigator talk 2 (based on best abstract submission)

14:00 Evidence based patient blood management (PBM) – Professor Simon Stanworth

14.20 Percy Oliver Award

14.30 Break

Transfusion Safety & clinical transfusion: Chairs – Dr Jon Cort & Dr Sharran Grey

14:45 Patient blood management - the good, the bad and the ugly – Wendy McSporran

15:05 SHOT – achievements and challenges - Dr Shruthi Narayan

15:25 Autoimmune haemolytic anaemia and advances – Dr Quentin Hill

15.45 Open discussion

16.00 Close
